Greetings from A+ Educational Centers!

It's summer and we are once again offering our popular summer programs! Our courses are geared to addressing the needs of each student. The workshops are designed to make learning both educational and fun by not only reinforcing what has already been learned, but also preparing students for the coming school year. Each student is assessed for strengths and weaknesses, and receives group and individual instruction as needed. Summer programs are a GREAT VALUE at **LESS THAN $12.50 hr!**

4 Week Reading/Writing/Math Enrichment ($199):
Group/Individual summer instruction in Reading Comprehension/Writing and/or Mathematics helps to assure success the following school year. Summer Enrichment is a must for all students in order to maintain their academic skills. Working with a teacher who focuses on your child's individual needs is essential. Pre and Post Assessments are included and so are all materials. For those students wanting to get ahead, this is also a perfect opportunity to excel! Enrichment and Tutoring for all other subjects and levels is also available. Please call for details.

4 Week Dance/Ballet/Hip Hop/Ballroom Enrichment ($199):
Group/Individual summer instruction in Dance helps to assure success throughout the year. Maintaining flexibility, strength, dance posture and dance movements is crucial year-round. In our Summer Dance Enrichment program, students cover the basics for a variety of dance forms. They are introduced to Ballet, Hip-Hop, Ballroom and a variety of other dance disciplines. Their work culminates in a performance for friends and family during the last week of class.

Whether you choose our small group enrichment workshops or individual programs, summers spent at A+ is a great way to a successful future year-round! Classes are kept to a max of 5-12 (depending on program) and fill up rather quickly. To register, or for more information, please call your nearest center below.

Have a fun and exiting summer,

Jennifer Valdman, M.ED. – Director
